Eco Bag Instructions:

1. Do not prewash the panel.
2. Serge or zig zag top edge of the pocket piece.
3. Fold the pocket piece in half along the top edge.
4. Pin the pocket in place where desired on the inner back (wrong) side of the bag. Sew along top edge.
5. Prepare straps by folding in half lengthwise, wrong sides together. Top width 1/2" along both long edges.
6. Fold top edge of the bag over twice at 1/4" towards the wrong side.
7. Slip one end of the strap under the fold on the top edge of the bag. Fold straps up and away from the bag. Pin in place. Sew around top edge of the bag, enclosing straps in place.
8. Slip the other end of the strap under the fold on the top edge of the bag along the side seam. Match side & bottom seams and draw a line at the 2" mark (see Diagram A). Sew along this marked line.
9. Turn bag right side out. Trim!
