naturescapes

by Deborah Edwards

With ongoing continuity Naturescapes 2 offers an abundance of new patterns and old favorites. Naturescapes 2 prints are inspired by nature and architectural details and are ideal for landscape, masculine or nature inspired quilts. All designs are reduced in scale making them more versatile for smaller projects. The prints can be used on their own or in combination and coordinate with our digitally printed Naturecapes panels. In all, there are sixteen new prints created by Deborah Edwards in a wide range of textures, colors, and values.
