

STONEHENGE by Helene Knott

Mighty Pines

With Textures by Linda Ludovico

Majestic Pines • 42" x 47" • By Paula Toups of Bayou Patch Designs

Inspired by Helene Knott's exquisite quilt, Mighty Pines reflects the magnificent trees surrounding her Portland home. The collection has been created with the legendary Stonehenge style contributing to the rich textural appearance of the designs in organic earthy hues. The contrast of the organic pine tree with the geometric background is very effective in the featured panel. The geometric background was created using a wide variety of prints in subtle color variations to create a delicate ombre effect.
