Explore the Canadian Wilderness with Wild; Natural Born Quilter's third collection for Northcott Fabrics. Brett Lewis continues to showcase his love for nature's flora and fauna with wolves, grizzly bears, leaves and loons in his signature teal and purple color palette. With a selection of fat quarters and 10" "tile" bundles also available, quilters can put them to use with the two precut-friendly quilt patterns available.

Wild coordinates with a selection of COLORWORKS Premium Solids, available separately.
