# Freestyle

by Dawn Gerety

Hit the slopes and stir up some powder on the freshly fallen snow. Dawn Gerety's latest collection, Freestyle demonstrates her creative spirit and whimsical style in a wide variety of multi-directional prints and textures. The tryptic panel featuring freestyle skiers can be used as is or deconstructed and used in a variety of creative projects including quilt blocks, bags and mini wall-hangings. A palette of wintery blues from dark to light are complemented by white on white and a selection of Toscana blenders adding a splash of bright color.
