Quilt Retreat

by Cynthia Frenette

We all know, what happens at a quilt retreat stays at a quilt retreat. Newfound friends, shared tips and tricks and oodles of fun over a glass of wine or two create memories that last a lifetime. Quilt Retreat, created by long-time quilter and artist, Cynthia Frenette has a playful vibe featuring quirky quilters. Whimsical florals, quilting notions and inspirational words complement the collection along with a cheater hexie, black and white awning stripe and a colorful cheetah print. The panel print is ideal for a bag or a wall-hanging while the blocks make ideal quilt labels, mug rugs, pockets for a tote or handwritten message to exchange at your quilt retreat. This colorful collection pairs beautifully with Northcott's premium Colorworks.

In addition to a wall-hanging and a quilt project, we need to offer a quilters tote to accommodate a 24" x 30" cutting board with pockets for quilting supplies.
