# Night Vision

by Simon Haiduk

Created by exceptionally talented digital artist and musician, Simon Haiduk, Night Vision draws you into a mystical fantasy world. The exquisite panel features an owl in the night forest capturing a palette of hues from the palest pastels to the most dramatic darks. A selection of unique prints play a supporting role including oversize circles, a full width border stripe, and a scallop as well as a variety of unique coordinates and blenders in cool shades of blue, teal and purple. A selection of Toscana prints complete the collection. Don't miss the captivating video featuring Night Vision in motion with accompanying music by Simon Haiduk.
