For the Love of Pete

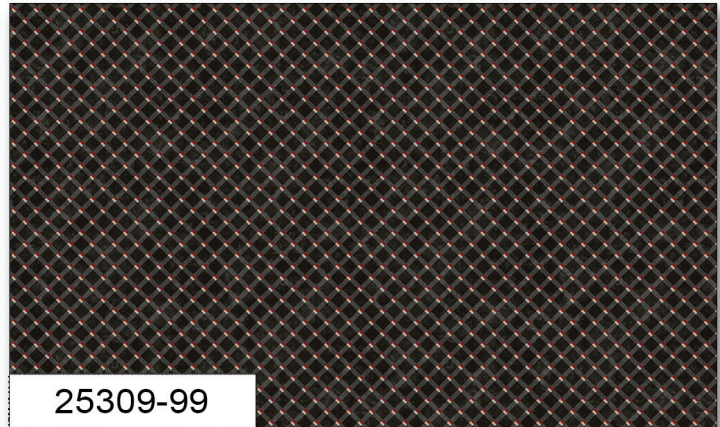

Featuring the art of Bonnie Marris and Coordinates from Northcott

Featuring the work of talented artist Bonnie Marris with coordinates from Northcott, For the Love of Pete will steal your heart. Pete sits patiently awaiting his boy who is in the soda shop spending the money he made selling lemonade. A picture of nostalgia! The coordinating dog prints on argyle are equally charming. Finish your project with a dash of ditsy dot, wood siding inspired by the painting and an exquisite plaid all in a classic palette of red, black, and tan. A selection of Crackle and Toscana blenders coordinate beautifully with the collection.
