WILLOWBERRY LANE

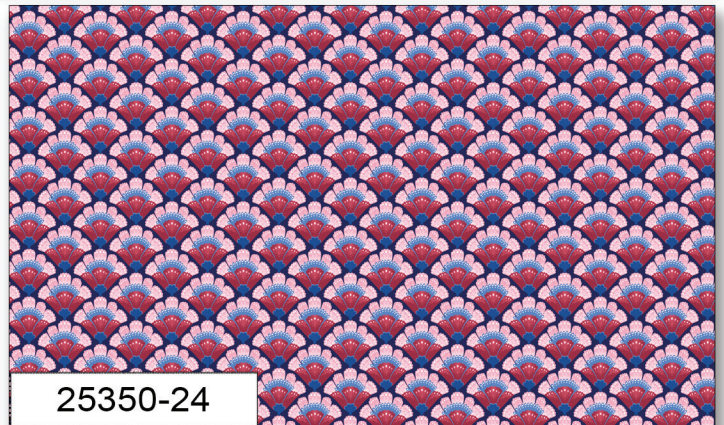

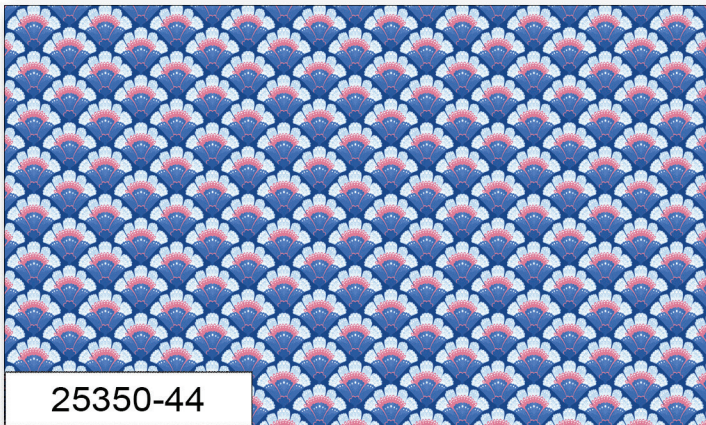

by Catherine Marion

Created by talented designer Catherine Marion, a native of Quebec living in New Zealand, Willowberry Lane offers a new take on a classic style. A fresh palette of navy, blue, rose, and red furnishes this Arts and Crafts style with a modern update. A wide variety of prints in small, medium, and large scale are offered in light, medium and dark values for dynamic contrast. The stunning stripe is an ideal border to complete any project. A selection of Colorworks Premium Solids coordinate beautifully with the collection.
