Cozy Up

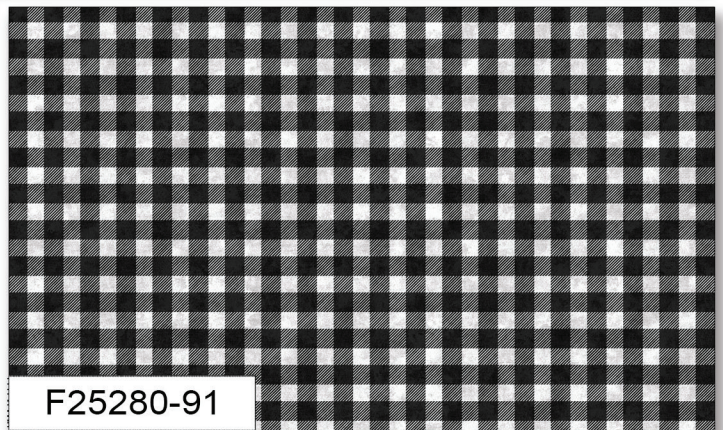

by Deborah Edwards

In the northern climates, we embrace winter with skiing, snowshoeing, tobogganing, curling and of course, hockey. We love our hoodies and our jerseys, our mittens, and our toques. In winter, we cozy up in our warm woollies and flannel checks. Cozy Up embraces all things Winter in a palette of red, cream, and black printed on our premium quality flannel. Stay warm and cozy with this latest collection from Deborah Edwards.
