Get ready for an African adventure with Wee Safari by Deborah Edwards. Adorable animal friends set off to explore the Savanna in their jeep. A lion, elephant, hippo, giraffe, zebra, and cheeky monkey are featured in a variety of mix and match, multi directional prints. A selection of dots, stripes and blenders complete the collection. The panel can be deconstructed and reconstructed in combination with the many coordinates and border stripe offered. Chronicle your babies' special moments with our milestone panel, an ideal quilted backdrop for photographs with markers for each month of your baby's first year. It also makes a great crib quilt or play mat. Wee Safari also includes a growth chart with blocks that can be used in a quilt, toss pillows, or framed for wall decor. The palette and safari theme are on trend for nurseries today. Set off on an African adventure with Wee Safari.
